### VEHICLE SAFETY SECTION ON-LINE INSPECTION CONSOLE TRAINING

The Vehicle Safety Section is sponsoring the Inspection Console Training for the new on-line program. This training is for those persons who have been unable to attend previous training sessions. **This is mandatory for use of the Inspection Console.** Please review the following schedule and determine which training session will best fit your needs.

Class sizes are limited to 25 and require an RSVP. You may RSVP by calling the Safety Inspection Office at 801-965-4889 to reserve your place. UHP reserves the right to cancel any sessions not filled.

When you RSVP, advise the office of the session, date and time, and number of individuals that will be attending. This will enable us to prepare logon information before the scheduled session.

**Inspectors living in rural areas of the state may contact the regional ATC's (Applied Technology Colleges) in your area to schedule a class for on-line training. Classes will only be scheduled when enough interest is expressed. See page 16 of the inspection manual for contact phone numbers.**
